

## International Harvester Injectors.

Nu-Line Heavy Duty is pleased to announce the availability of injectors for International Harvester applications. These injectors are new and sold on an outright basis. Even though the pricing for these is comparable to rebuilt injectors, you get new instead, with no need to worry about returning cores. Be sure to capitalize on the sales opportunities for these new injectors by adding them to your next stocking order.

The part numbers available now from inventory are:

<u>Part No.</u>	<u>Description</u>	<u>Engine</u>	<u>Equipment</u>
3687372	Injector	DT466B, DT466C	4386 Tractor ESN 77300-> 1480 Rice Combine 1470 Hillside Combine 3588, 3788, 5288, 5488, 6588, 6788, 7288, 7488 Tractors
